My Dear Mamma

I hear Walter has not been very well but hint think from your manner of writing that he has recovered. I think the sketch is very like Ellen

without a cap. Tell Aunt Anne I am very much obliged to her for it. The next time she writes to Aunt Ellen ask her to give my love to her. Aunt says that you need not be uneasy about my pocket because she has got one and she can get another made.

I Remain Your Affectionate

Daughter Margaret Hunt

A letter from Margaret when a child

My dear Sir 1844 Oct. 23 th.

Our friend Margaret has allowed me to add to her letter, if you can spare time and come down to Tam work & spend as long a time with us as convenient & shall all be much pleased, and endeavour to make you comfortable, Margaret is looking very well — and has had the effect of medicine & no more, her treatment has been one, good diet — & exercise of body & mind, she is a very good dear little girl. & believe me with best wishes to remain yours ever truly R Bird.
